

Tandem2

OVERVIEW

Tandem2 is designed to replace fluorescent lamps in sign cabinet lighting applications. The sleek design, utilizing world class LEDs, delivers outstanding brightness and consistent true white color. Tandem2 features Quick Connect system, and is available pre-assembled in 4 foot single-sided and double-sided sections. Each section is supplied with a connector clip and L-brackets for easy installation.

FEATURES

- Unique rail design with interlocking system works with single faced and double faced cabinet applications
- Patented Quick Connect system reduces installation time, cost and potential points of failure
- Reduced maintenance costs compared to fluorescent lamps, no need to replace lamps every 18 months
- Suitable for damp locations
- Tandem2 can save up to 85% in energy costs when compared to fluorescent lamp systems
- Class 2 compliant
- 5-year warranty

CERTIFICATION

- UL Recognized (USA/Canada)
- UL Classified for retrofits (USA/Canada) CSA approved
